Card

Fingerprint

FL-K3F

The FL-K3F is a smart lock box that is roomy enough to hold a key, card, several house keys and a car key. A keyless experience without having to replace your existing lock. Simple to install in a few minutes. Open key box Via pin code or Bluetooth. The FL-K3F smart key safe box is another great addition to the Frontline Locksmiths Locks product range. The FL-K3F uses 4pcs AAA (Duracell Only) batteries, it can last up to 12 months on standard use with 10 openings a day. It also works with the TT lock APP that provides the ability to manage all E-keys, pin codes, RFID cards/fobs and fingerprints. An audit trail is provided in the TTlock APP records. You can also grant and control access to family, friends, client, or tradesmen. It allows you to grant access for weeks, days or hours, and modify or remove access as needed, all at your discretion. It can also be Wi-Fi enabled which allows remote access via the G2 gateway.
